Analysis

SRI SPARKS INFRA PRIVATE LIMITED

At Sri Sparks Infra, our goal is to transform the infrastructure market by offering all-inclusive EPC and O&M services. As a vibrant start up in India promoted by Singapore's **M/S RISHI ENGINEERING PTE LTD.**

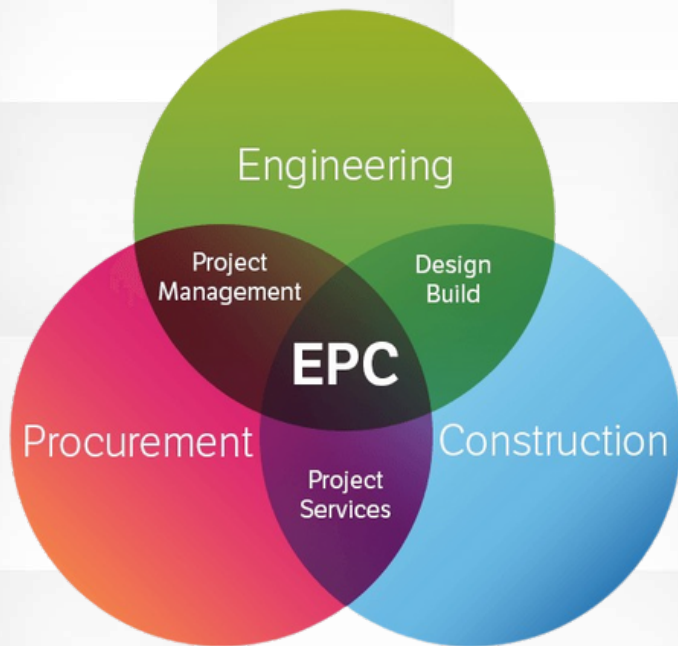

Our superior, effective, and sustainable infrastructure solutions are achieved via the application of modern technology and innovative methodologies.

INTRODUCTION OF THE PROMOTER

A Singapore company

M/s RISHI ENGINEERING PTE LIMITED (UEN 201609553C) was established in 2016 as an engineering contracting company. Since 2016, the team has worked on challenging projects and acquired expertise in project management services and associated engineering tasks.

OUR SERVICES

Engineering: Planning and Design: Our company excels in comprehensive planning and innovative design. Our design team delivers detailed technical solutions, integrating cutting-edge engineering practices across all disciplines. We prioritize sustainability, regulatory compliance and client satisfaction, ensuring projects are completed on time, within budget and to the highest industry standards. With a focus on quality and innovation, we deliver turnkey solutions tailored to meet the unique needs of every client.

Procurement: Our company ensures the timely and efficient sourcing of high-quality materials, equipment and services. We collaborate with trusted global suppliers to secure competitive pricing while adhering to project specifications and industry standards. With a strong focus on transparency, compliance, and sustainability, we manage procurement with precision to keep projects on schedule and within budget.

Construction: Our company delivers efficient, safe, and high-quality execution. We employ a skilled workforce and advanced construction techniques to bring engineering designs to life, ensuring compliance with all project specifications, safety regulations and quality standards.

- Power & Control Cables laying. Glanding & terminations
- Distribution boards
- High mast & lighting installation projects
- **GI, SS & FRP** Cable Trays erection
- Earth mat works
- Design, Execution & commissioning of Substations up to 33KV
- Testing & Maintenance of **VCBs, ACBs, MCCBs**, Relays and Energy Management Systems

MECHANICAL AND CIVIL

- HVAC
- Pipe line Fabrications
- Structural and supports Fabrications
- Roof sheeting
- Metal Skips & pallets
- Fencing works
- Platform and Railings
- Surveying & Level markings
- Cement concrete flooring for Platform, Storage yard etc.,
- Pathways CC Roads, Boundary walls constructions

SOLAR PROJECTS (DOMESTIC AND COMMERCIAL)

We are committed to offer modern solar solutions that enable businesses and house owners (PM Surya ghar) to make use of renewable energy. We expertise in designing, setting up, and maintaining advanced solar systems that are suited to our client's individual needs, all while maintaining sustainability and energy independence.

Expertise: Our team of certified professionals brings extensive experience in solar energy solutions.

Quality Products: We partner with leading manufacturers to ensure top-quality solar panels and equipment.

Customer-Centric Approach: We tailor our solutions to meet the specific needs of our clients, ensuring maximum satisfaction.

Comprehensive Support: From initial consultation to ongoing maintenance, we provide support every step of the way.

OPERATION & MAINTENANCE AND MANPOWER SERVICES

Our Operation & Maintenance (O&M) services are designed to ensure the seamless and efficient performance of infrastructure assets. We provide end-to-end support, including daily operations management, preventive maintenance, emergency repairs and continuous monitoring to minimize downtime and maximize asset longevity. By offering 24/7 technical support, proactive troubleshooting and system optimization, we help businesses reduce operational costs and improve reliability, while ensuring compliance with industry standards.

We offer comprehensive manpower solutions tailored to meet the specific needs of infrastructure projects. From skilled technicians and engineers to on-demand workforce deployment, we ensure that our clients have access to the right expertise at the right time. Our services include project-based staffing, workforce training and strict adherence to safety and compliance standards. By providing flexible and scalable staffing solutions, we help businesses optimize labor costs while maintaining operational excellence.

OPERATION & MAINTENANCE AND MANPOWER SERVICES

- Substations up to 220kV
- Process Plants
- Power Plants
- Man power Outsourcing
- Lighting Maintenance
- HVAC Systems
- Single Facility Management Services- House Keeping, Horticulture, Electrical & Civil

WHY CHOOSE US

Experienced Team: Our team of skilled professionals from different sectors brings a wealth of knowledge and experience to every project. We invest in ongoing training and development to ensure that our staff remains at the forefront of industry practices and technological advancements.

One of the founder Director is Director at Singapore Partner Company, brings a wealth of experience and a visionary approach to infrastructure development. Their leadership and innovative mind-set have been instrumental in successful global projects.

Proven Track Record: Our portfolio includes accomplished projects from a wide range of industries, showcasing our capacity to provide detailed and superior infrastructure solutions.

STRONG PARTNERSHIPS

We develop and maintain strong relationships with stakeholders, suppliers, and customers. Our teamwork-based approach ensures that each project gains access to a network of reliable resources and partners.

OUR TEAM HAS EXPERIENCE IN

Project Name	Scope of Work	Clientele
RNE PASIR RIS DRIVE1	Supply team for 66KV Power Cables, Auxiliary Cables and Accessories	Wee Guan Construction Pte Ltd
RNW JALAN BOONLAY	Supply team for 66KV Power Cables, Auxiliary Cables and Accessories	Wee Guan Construction Pte Ltd
FACILITY MANAGEMENT	Electrical, Mechanical, Civil, House keeping Services	Surge Software Solutions Pvt Ltd

ONGOING PROJECTS

Project Name	Scope of Work	Clientele
SOALR Domestic and Commercial	Solar Installation up to 50kw	Discom Customers
APEPDCL Smart Meter Installation	Installation of 1ph & 3ph Smart meters	BES (Client-Adani Energy Solutions Ltd)
MSEDCL Feeder Separation Works	Execution/Erection/Laying of 11KV lines, Distribution Transformers, LT line works including Bay works and Civil works	Vishwanath Projects Limited

CORE VALUES

At Sparks Infra Pvt Ltd, we are committed to delivering excellence in EPC Solar O&M , and Manpower Services. Our core values reflect our dedication to quality, innovation, and customer satisfaction.
